Learners in Canada may be able to choose International Alternative Dates and Times, if those work better for them. We will ask confirmed registrants for their preferred time slot and if they are able to be flexible.

We will record many of the tutorials so learners can attend them at whatever time works best between sessions. The Class Sessions will be used to answer questions about the between session assignments to deepen the learning, and for skills practice with coaching as well as role playing activities.

We are considering making it possible for learners in other time zones to send in their role play videos for evaluation by a coach, so it can be completed at a time that meets their schedule.
