Learners in Canada may be able to choose International Alternative Dates and Times if there are any, and if those work better for them. We will ask confirmed registrants for their preferred time slot and if they are able to be flexible.

We have recorded tutorial videos for each Module in the course manual so learners can view them at whatever time works best between sessions. The Class Sessions will be used to answer questions about the tutorial videos and assignments to deepen the learning, and for coached skills practice as well as role playing activities.

We are considering making it possible for learners in other time zones to send in their role play videos for evaluation by a coach, so it can be completed at a time that meets their schedule.
